

Tosa East Class of '76 Private Contact Information Questionnaire

In order to keep our list of classmates up to date, please fill out this form. The information is strictly for contact purposes only and will not be published! It won't even be stored on the website.

Though email is our preferred method of contact, email addresses can change. This is especially true if the email we have is from your place of employment. So on the form we have a provision for a second email address. The first one should be the one you'd like as the primary contact. This is the email we'll use on our Google list. Should at any time the primary stop working for us, we'll contact you with the secondary.

But not everyone has a secondary email. So we are also asking you for your phone number(s) and mailing address(es). Again, we only want these to get back in touch if at some point the email we have is not working.

Once you've filled it out you can scan it and email it back to us, send it in the mail, or you may be able to send the filled out form electronically.
